

The Downtown Denver Partnership ((DDP), a forward-thinking, private sector oriented, placemaking organization, is seeking a Chief Executive Officer (CEO) who is a visionary leader, skilled relationship builder, change agent, and an expert business and financial executive. The CEO will convene and lead diverse stakeholders invested in a vibrant, economically resilient center city to address the special urban challenges of today while planning, innovating, and leading for the future. CEO will be an action-oriented, results-driven, collaborative leader who is passionate about building an authentic, sustainable international downtown that serves as the economic and cultural engine for the city and the region. B.S. degree required; Masters preferred. Corporate and/or board background related to community and economic development experience desirable.
