

Block by Block

Division Vice President

Block by Block is investing in its infrastructure again! Our growth is allowing us to expand our key leadership team. Ideally we're interested in identifying someone within the downtown industry, who possesses a strong understanding of operations and street level issues.

Job duties include of this position include:

- 👉 Oversee multiple Regional Vice Presidents (RVPs) and a portfolio of programs within their assigned geographic region
- 👉 Interface with the Regional Vice Presidents, along with their customers and our Operations Managers, in order to provide ongoing support to those programs under their direction
- 👉 Ensure the details of the Block by Block operating model are woven into the daily operations of each of their programs
- 👉 Provide guidance to their assigned RVPs as it relates to continually evolving operations to meet the needs of changing environments, while managing through unique challenges and circumstances
- 👉 Supporting RVPs in being strategic in their approach with evolving operations to improve outcomes, while working within customer budgets
- 👉 Working with our larger Block by Block team to share observations and insights, which can help us refine and improve the product we provide to our customers. The person selected for this position will be a key leader within our organization.

Job requirements include:

- 👉 Must be comfortable leading and guiding others in leadership positions
- 👉 Must be comfortable providing consultation to customers on how to best allocate resources to achieve the best outcomes possible
- 👉 Percentage of Travel: 50% - 70%
- 👉 Job Base: We are willing to consider candidate's current location as we determine assignment of regions, while also taking into consideration the location of existing team members; however, relocation could be a potential consideration.
- 👉 Experienced and proficient in all MS Office products.

Desired Experience

- 👉 Ideally one or more of the following would be preferred:
 - Understanding of street level issues facing urban environments (safety, cleaning, landscaping or outreach related)
 - Strong operational background within improvement districts or city government

- Experience in strategic planning and problem solving
- Experience in multi-unit management

Compensation:

- 👉 Salary with bonus based on meeting objectives
- 👉 Health and dental
- 👉 Paid Vacations
- 👉 Life Insurance
- 👉 Paid Vacations
- 👉 Fun, highly engaged work environment with plenty of variety
