

## President and CEO

The Downtown Dayton Partnership located in Dayton, Ohio is seeking a President and Chief Executive Officer who is a visionary and collaborative leader, skilled relationship builder, accomplished placemaker, and an expert business management and financial executive. The ideal candidate must possess a zeal for authentic urban downtowns; someone who **appreciates and** thrives in urban environments, understands the unique value proposition of urban character and density; and uses data and technology to drive that vision throughout the region. A downtown leader who understands and values the concept of walkable urbanity and appreciates a dynamic, diverse urban lifestyle.

Dayton is strategically located making it the logistical supply chain hub for manufacturers, suppliers, and shippers. Dayton's economy is bolstered by defense, aerospace, and healthcare. The University of Dayton and the aerospace and aviation labs at Wright Patterson Air Force Base combine to make Dayton a dynamic technology leader.

The Downtown Dayton Partnership (DDP) is a nonprofit organization funded primarily by a Special Improvement District (SID). The Special Improvement District contracts with the DDP to provide a variety of services including safe and clean, business development, advocacy, and marketing/communications. **The Opportunity Profile** along with application instructions can be found at: <http://www.downtowndayton.org>
